

Dialight

LED ROADWAY SIGN LIGHT

Certified To:
UL1598 / UL1598A
CSA 22.2 NO. 250.0-04

Suitable for wet locations

FEATURES / BENEFITS

- ▲ State-of-the-art LED light source
- ▲ Long-lasting
- ▲ Reduces risk exposure to maintenance workers associated with traditional lamp & ballast replacement
- ▲ Low power consumption
- ▲ Superior color rendition index compared to HPS; LPS; MH
- ▲ Instant on/off operation - no cool down or warm up time required for full illumination
- ▲ Highly resistant to roadway vibration and shock
- ▲ Wide operating voltage range via universal input supply (120 - 277 VAC)
- ▲ Weather / corrosion resistant light engine and housing
- ▲ ETL listed
- ▲ Power factor > .9
- ▲ 5 year warranty

PATENTS PENDING

APPLICATION

Dialight introduces the new, state-of-the-art fixture for roadway signage illumination, monument illumination, or general area illumination. Its rugged solid state design ushers in a new era in which dangerous, expensive, maintenance costs associated with failed lamps and ballasts become a thing of the past. This light incorporates both cutting edge LED technology along with highly efficient secondary optics to achieve area illumination comparable with traditional light sources. And it does it more efficiently, more safely, more reliably, and with better color rendition. Whether your application is roadway signage illumination, corporation yard area illumination, flag pole illumination, or wall illumination, this is the product that will fill the bill.

SPECIFICATIONS

- ▲ **Operating Voltage** : 120 - 277 (50 / 60 hz)
- ▲ **Power Consumption** : 100 Watts - nominal
- ▲ **Lightsource** : LEDs > 10+ year life expectancy
- ▲ **Operating / Storage Temperature** : -40° to +55°C
- ▲ **Surge / Lighting Protection** : 1 kV line to line
2 kV line to ground
- ▲ **Rated Life** : 70% lumen maintenance over 60,000 operating hours
- ▲ **Harmonics** : IEC 6100-3-2
