

# Low and Ultra-Low Profile MagJack® for 10/100 & Gigabit Applications

The Low and the Ultra-Low MagJack® series were created for typical NIC card, portable PCs, rack servers and daughter card applications where height off the PCB is critical. Offered in a variety of different configurations, these MagJack modules minimize space consumption without compromising signal integrity.

- Designs compatible with Auto MDIX or Non-Auto MDIX PHY chips
- Multiple LED/Port configurations available
- **RoHS** compliant MagJack® available

## 10/100Base-TX Application

Part Number	Description	Height	Auto-MDIX	Cores	LEDs
L811-1X1T-06	Low Profile	0.485"	Yes	4	No
L826-1X1T-06	Low Profile	0.489"	Yes	4	Yes
L829-1X1T-91	Ultra Low Profile	0.445"	Yes	4	Yes
L830-1J1T-47	Ultra Low Profile	0.445"	No	5	Yes
L834-1A1T-91*	Ultra Low Profile –Mid-Board Mount	0.376"	Yes	4	Yes
L835-1A1T-91*	Ultra Low Profile – Mid-Board Mount	0.376"	Yes	4	No

## Gigabit Application

Part Number	Description	Height	Auto-MDIX	Cores	LEDs
L826-1X1T-43	Low Profile	0.489"	Yes	8	Yes
L826-1X4T-43	Low Profile (4 port)	0.489"	Yes	8	Yes
L829-1J1T-43	Ultra Low Profile	0.445"	Yes	8	Yes
L830-1J1T-43	Ultra Low Profile	0.445"	Yes	8	Yes
L834-1G1T-S7*	Ultra Low Profile–Mid-Board Mount	0.376"	Yes	8	Yes
L835-1XXT-S7*	Ultra Low Profile – Mid-Board Mount	0.376"	Yes	8	No

\* Requires smaller panel opening.
